COLLEGE / STUDENT SERVICES

The College

Queens, a church-related liberal arts college, is located in Charlotte, North Carolina. Queens College is accredited by the Southern Association of Colleges and Schools and the National Association of Schools of Music. Queens College is also approved for veterans' education.

The New College

The New College at Queens was authorized by the Board of Trustees on April 30, 1979. The New College is coeducational and offers a Bachelor of Arts degree with majors available in Business Administration, English and Psychology. It was designed for those students with work and other responsibilities that prohibit them from attending classes during the day. The course offerings are scheduled so that a student may obtain a bachelor's degree in four and one-half to five years.

Statement of Philosophy and Purpose of New College

New College at Queens offers an undergraduate liberal arts degree program on a part-time, coeducational basis. The program is firmly grounded in the liberal arts tradition and emphasizes the joy of learning within a framework of continuing personal and intellectual development.

Honor Code

The Honor Code is one of the cherished possessions of Queens College and is of fundamental importance in the educational experience.

The Honor Code regulates all phases of college life and is binding on all members of the community. The Code is based on three basic principles: (1) truthfulness at all times; (2) respect for the property of others; (3) honesty in tests, examinations, term papers and all other academic assignments.

Queens Career Center

The Queens Career Center provides various personal and group services to Queens students and to members of the community. The center offers individual and group career / life planning services which include workshops on topics such as Managing Your Career; How to Organize a Job Search; Resume Preparation; and Interviewing.

Fees are set at $100 for testing and counseling for individuals, or $75 for the workshop experience. Fees for other workshops are flexible and related to the hours and content.

The Queens Career Center is located on the second floor of Jernigan Student Center with staff offices and extensive Career Library.The center is open from 8:30 to 5:00 daily, Monday through Friday.

Library

Currently enrolled New College students have access to Everett Library. Information about library use by New College students can be obtained from the main desk in Everett Library.

The library collection is the core of the liberal arts community and is designed to support all regular academic programs of the college. To accomplish this end, over 83,000 catalogued volumes and 650 current periodicals are housed in open stacks on the upper two floors, available for student use. The lower floor houses 16,000 bound volumes of periodicals and 2,600 reels of microfilm, including *The New York Times* from 1905.

During the two main academic sessions, the library is open from 8 a.m. to 11 p.m., Monday through Thursday; 8 a.m. to 5 p.m. on Friday; 10 a.m. to 4 p.m. on Saturday; and 2 p.m. to 11 p.m. on Sunday. The operation schedules for January, May, and June sessions are reduced.

Computer Services

The Queens College Computing Center is located on the first floor of the McEwen Building.

Computing Center facilities include a 32K IBM 5100 micro-computer with auxiliary tape storage and printer, and a 48K Apple II microcomputer with disk storage and peripheral printer. A Documentation OM 200 card reader which can read both punched and optically marked cards provides peripheral input to either machine. Both machines can be operated in terminal mode to provide communications with larger, remote systems. Additional communication facilities are provided by a DECwriter LS120 interactive terminal. Queens is a subscriber to the North Carolina Educational Computing Service (NCECS), and thereby has remote access to the Triangle Universities Computation Center (TUCC) at Research Triangle Park, N. C. Hardware at TUCC includes the powerful Amdahl 490 and the IBM 370/165, as well as two Hewlett-Packard 2000 interactive computers. NCECS and TUCC support an extensive selection of software, including the major packages and simulations used in the graduate curriculum.

The NCECS Terminal Manager is Professor Martha McCormick whose office is in 313 Walker Science Building, extension 203.

Parking

Students may not park on the Queens College campus without registering their cars with the Office of Public Safety (Stultz Building) and purchasing an "E" decal. Registration of vehicles shall be accomplished at registration or within 48 hours of the first class of the semester. Students without decals are to park on the streets that form the boundary for the Queens College campus: Selwyn, Wellesley, Radcliffe, and Stanford.

An "E" decal is good for one academic year, costs $5.00, and allows the student to park in the following parking zones during the noted hours. Parking zones are marked on the campus map on the back inside cover of this bulletin.

"E" decal — Valid in A, B, C, D zones during unrestricted hours only.

A & B zones — All day Saturday and Sunday

C & D zones — 4 p.m. to 8 a.m. Monday through Friday and all day Saturday and Sunday

Dining Hall

Morrison Dining Hall is open from 4:30 p.m. to 5:45 p.m. for dinner. There is a dinner ticket program that currently enrolled New College students may use. A ten-ticket packet may be purchased for $25.50, tax included, from the Saga Office in Morrison Dining Hall, and used for any dinner during the semester except Wednesday night family style. A single ticket may be purchased at the door for $3.00.

Other facilities available for New College students include the Snack Bar located in the Jernigan Student Center, which operates Monday through Thursday from 5 p.m. to 10 p.m. Vending machines for student use are located on the second floor of the McEwen Building and the first floor of the Jernigan Student Center.

ADMISSIONS / TUITION AND FEES / FINANCIAL AID

Admissions

The New College at Queens does not discriminate on the basis of race, creed, color, sex, age, national or ethnic origin, or handicap in administration of its educational policies, admissions policies, scholarship and loan programs.

Admissions Requirements

New College admissions policy is designed to select students of outstanding promise. We consider each applicant on the basis of his or her individual achievements, merits and potential for academic success. Admissions requirements include:

1. High school diploma or equivalent
2. Transcripts from secondary schools and all colleges attended
3. SAT or ACT scores if either test has been taken
4. Two letters of recommendation
5. Completed application form with $15.00 non-refundable fee

If you need more information about requirements for graduation or transfer credit, please call the Admissions Office and a New College counselor will be glad to schedule an appointment to discuss this with you.

For Transfers

New College welcomes transfer students from other colleges and universities. Applicants must request their own transcripts from each institution attended to be forwarded to the Office of Admissions. For courses completed at other accredited institutions, credit usually will be transferred if the grade earned is C or better. Credits over 10 years old must be submitted for approval to the Student Qualifications Committee following the successful completion of six credit hours at New College. Courses transferred from two-year institutions are classified as either 100- or 200-level courses.

For Readmissions

A degree candidate who has withdrawn in good standing, and who wishes to return to New College may apply for readmission by submitting an application. Transcripts of all work attempted at other institutions must be sent to the Office of Admissions.

For Special Students

Students who are not candidates for degrees who wish to enroll for credit may apply as special students. Generally, special students who do not hold a bachelor's degree are limited to a cumulative total of 15 credit hours. Anyone holding a bachelor's degree is allowed the privilege of unlimited credit. Special students must maintain a C average to continue their enrollment.

For Advanced Standing

New College awards credit and advanced placement to students who score satisfactorily on approved subject level tests of the College Level Examination Program (CLEP). Credit will not be granted if it duplicates credit already earned. Neither grades nor quality points will be awarded, nor may CLEP credits satisfy the final 30 hours required for graduation from New College. Students who

wish further information about CLEP should write to the Director of the Career Center.

High School Dual Enrollment

Any student who is a junior or senior in a Charlotte-Mecklenburg area secondary school may enroll for courses at New College during any term when recommended by the secondary school. Credit earned under the dual enrollment program may be used at New College or another institution as college credit when the student enrolls as a degree candidate.

International Students

New College welcomes international students. Candidates must provide the Office of Admissions with a completed college application for admission accompanied by the payment of a $15 filing fee. Applicants must request their own transcripts from each institution attended to be forwarded to the Office of Admissions. Transcripts must be translated into English by an official at the high school or college issuing the transcript. It is recommended that international students take the Scholastic Aptitude Test (SAT). Any student for whom English is not the first language must satisfactorily complete the Test of English as a Foreign Language (TOEFL) and have the score sent to the Office of Admissions.

For Campus Visits

Students seeking information about the New College are encouraged to visit the campus and admissions office. The Admissions Office is open from 8:30 a.m. to 5:00 p.m. on weekdays, throughout the year. Appointments for evenings or Saturdays may be made by calling the Admissions Office during regular hours.

In Summary

While there are no deadlines for applications, prospective students should apply for admission as early as possible. Application forms should be obtained from the office of admissions and should be returned with a non-refundable $15 application fee. Special students submit a $5 non-refundable application fee. It is the student's responsibility to request that his or her transcripts and recommendations from the secondary school be sent to the admissions office. Transfer students must request transcripts from each college attended. The Office of Admissions will act on an application as soon as all information and transcripts have been received. Accepted students are to mail a deposit of $50 within 30 days of notification of acceptance. This confirms the acceptance of the offer of admission to the New College at Queens. This deposit is applied toward tuition and is non-refundable within 30 days of registration for the applicable term.

Tuition and Fees

While the Board of Trustees and Administration of the college reserves the right to adjust the tuition schedules at Queens at any time, the following basic fees have been established for the New College for the fiscal year 1981-82.

Tuition - per credit hour	$100.00
Application fee (non-refundable)	$15.00
Registration fee (non-refundable)	$ 7.00
Late registration fee (non-refundable)	$ 5.00
Transcript fee (if necessary)	$ 3.00
Special student fee	$ 5.00
Graduation (gown, and diploma fee)	$30.00

Parking permit	$ 5.00
Identification card replacement	$ 3.00

Regulations Regarding Payment

Upon signing the application for admission, the applicant accepts as binding all fees and regulations set forth in the catalogue.

1. A student is not permitted to attend classes until satisfactory arrangements have been made to meet all financial obligations. Where a note is offered, it is accepted with the understanding that the account is not considered settled until the note is paid.
2. Credits for financial aid are divided equally between the fall and spring terms.
3. No discount or scholarship award may be applied against the $50.00 deposit fee; that is, the initial deposit.
4. Diplomas, certificates, grades, and transcripts are granted only when the student's accounts have been paid in full.

Deferred Payment

Queens College offers a Deferred Payment Plan whereby payments may be made in four equal installments. Payment for Term I must be paid at registration and on the 1st of October, November, and December. The payment for Term II may be made in four equal installments, payable at registration and on the 1st of March, April, and May. Payment for Summer Term A may be made in two equal installments, payable at registration and on June 7. Payment for Summer Term B may be made in two equal installments, payable at registration and on August 2.

There is an additional charge of 1% per month for charges deferred under the Queens College Deferred Payment Plan. Students electing this form of payment will sign a Deferred Payment form at registration.

Company Assisted Tuition

If a student's company is paying all or part of the student's tuition, Queens College will defer tuition (excluding the $50 deposit) until the end of the term.

There is an additional charge of 1% per month for charges deferred under this plan. Students electing this form of payment will sign a Company Assisted Waiver form at registration.

Withdrawal for Illness

Students who withdraw from the college during the academic year as a result of illness will have tuition prorated as of the date of withdrawal, provided the physician recommends withdrawal in a letter to the Dean of the New College.

Withdrawal for Academic Ineligibility

A refund will be made in the case of a student determined academically ineligible to return by the Student Qualifications Committee of the college. Such decisions are made at the end of each term.

Withdrawal for Other Reasons

1. Students who withdraw from the college during the academic year on their own initiative will have tuition prorated as of the date of withdrawal as follows:

	Term I	Term II
25% charged if withdrawing by	9/2/81	2/1/82
50% charged if withdrawing by	9/9/81	2/8/82
75% charged if withdrawing by	9/16/81	2/15/82

	Summer Term A	Summer Term B
25% charged if withdrawing by	N/A	N/A
50% charged if withdrawing by	5/21/82	8/16/82
75% charged if withdrawing by	N/A	N/A

There will be no proration of tuition or fees in January Term after registration. Special fees are not subject to proration.

Students who feel that individual circumstances warrant exceptions from the above-stated policy may appeal to the Financial Policies Committee, provided they make a written request to the Business Manager and Comptroller before the end of the term in which a proration is requested.

2. Students suspended by the college will be subject to tuition proration according to the above schedule.

Withdrawal Involving Financial Aid

If the Business Office determines that the student is due a refund and all or part of the student's institutional charges were paid with financial aid funds, all or a proportionate part of the total refund must be returned to the Title IV Financial Aid Accounts and may be returned to other financial aid accounts, if necessary.

Amount to be returned will be determined as follows:

1. $\frac{\text{Title IV Aid (minus CWS earnings)}}{\text{Total Aid Package (minus CWS earnings)}} = x/y$

2. This fraction (x/y) will be applied to the total refund due.

3. The resulting amount is the amount of the Title IV Funds to be returned to Title IV Programs.

Queens' policy will be to distribute this total amount of funds to Title IV Programs in the following order, in no case exceeding the total amount originally awarded from that fund:

(1) SEOG
(2) NDSL
(3) BEOG
(4) Other Programs

Financial Aid

The New College at Queens makes every effort to meet the demonstrated need of students. Students must be enrolled half-time (6 credit hours) at Queens in order to be eligible for any financial assistance. Although students who are employed may not qualify for grant assistance on the basis of need, the Student Aid Office will seek to determine sources of loan assistance whenever possible.

1. *Karl and Anna Ginter Fellowships* are full tuition awards available to degree candidates enrolled in the New College. Ginter Awards are made on the basis of academic promise, personal achievement, and outstanding character. Fellowship recipients must take a minimum of 12 credit hours per year (excluding summer) and must maintain a cumulative grade point average of 3.0. Students should file an application (available through Admissions or Financial Aid) 30 days prior to fall term.

2. *New College Scholarships* are available to a limited number of New College students on the basis of financial need. Applicants must complete a Financial Aid Form as well as Application for Financial Aid in order to be considered.

3. *The Basic Educational Opportunity Program (Pell Grants)* makes funds available to eligible students enrolled at least one-half time for grants up to $1,750 per academic year. A student may use the Basic Grant Application or the College Scholarship Service Financial Aid Form (FAF) to apply for a Basic Grant. Within 6 weeks of submitting the form, the student will receive a Student Eligibility Report notifying the student of eligibility. The student must then submit the notification to Queens' Director of Student Aid who, within the guidelines of the BEOG Program, will determine the amount of grant funds for which the student is eligible.

4. *Supplemental Educational Opportunity Grants (SEOG)* are available on an annual basis to undergraduate students with exceptional need. These grants range from $200 to $2,000 and may be renewed from year to year depending on need.

5. *The College Work Study Program (CWSP)* assists qualified students to meet educational expenses through employment on campus during the academic year at a specified hourly rate. Eligibility for this program depends upon financial need.

6. *The National Direct Student Loan (NDSL)* program permits students with established need to borrow as much as $3,000 during their freshman and sophomore years, and up to a total of $6,000 during the undergraduate programs. These loans bear a 4% annual interest rate during repayment. Repayment begins six months after the borrower ceases to be at least a half-time student and may extend over a period of 10 years. If the borrower enters certain public-service occupations, the loan may be canceled.

The amount of funds available under federal programs (BEOG, SEOG, CWSP, NDSL) is determined annually by the U.S. Education Department. Students' awards vary, depending upon financial need and availability of funds.

Other Programs (State)

The North Carolina Insured Student Loan Program permits state residents enrolled as full-time students to borrow through the College Foundation, Inc. as much as $3,000 per academic year, for an aggregate of $15,000 for undergraduate study, at 9% annual interest. Loans are insured and under certain conditions the U.S. Office of Education pays the interest on these loans during the in-school and grace periods.

To Apply

To apply for financial assistance, students must have been admitted to New College as degree candidates and must complete and submit two application forms:

1. The Queens College Application for Financial Aid to be submitted to the Director of Student Aid, Queens College, Charlotte, North Carolina 28274.

2. The Financial Aid Form (FAF) to be submitted to the College Scholarship Service, Box 2700, Princeton, New Jersey 08541. The student should list Queens College, Charlotte, N.C. CSS code 5560, as the institution to receive the report.

All forms are available from Queens' Office of Student Aid.

Applications for financial aid should be submitted by entering students as soon as possible. Notification of

action by the college will be sent after Queens receives an evaluation of the applicant's need from the College Scholarship Service.

Financial Aid Policies

Most financial aid programs are renewable throughout undergraduate years if the recipient demonstrates satisfactory progress toward graduation, but renewal of aid is not automatic. Students must reapply to the Financial Aid Office for assistance each year. The amount offered in grants, loans, and work-study funds also may vary from year to year.

Financial aid recipients who withdraw during the school year will have their aid prorated according to the regulations governing withdrawal.

Students receiving aid under certain programs are expected to assume weekly work assignments at the college. Assignments are determined by the amount of aid received and the student's particular interests and skills.

Queens reserves the right to review and modify an offer of financial aid should the recipient receive aid from other sources after Queens' program has been offered. All federal and state programs are subject to congressional change.

THE ACADEMIC PROGRAM

The New College at Queens offers a Bachelor of Arts degree with majors available in Business Administration, English, and Psychology.

Degree Requirements

Required for a degree is a minimum of 120 credit hours in academic courses with a cumulative quality point average of 2.00 in all courses taken at New College and in all course work in the chosen field of concentration. At least 36 credit hours must be in courses of 300 level or higher. Every degree candidate must complete at least 60 hours of his or her academic program at New College and must spend the equivalent of the last academic year at New College. A student should take the average load of 27 hours each year if he or she is to attain the 120 hours required for graduation in four and one-half to five years. A student must fulfill the degree requirements set forth in the Bulletin which is current when he or she enters the New College.

Though the college makes every effort to counsel the student in planning a program and selecting courses of study, the student is finally responsible for fulfilling all requirements for a degree.

Educational Program

The educational program leading to a degree is composed of three interrelated parts: a major program; a program of distributed requirements; and a program of elective hours. This may include the choice of one or two minor programs or a double major.

Major Program

The purpose of a major is twofold: to give the student the opportunity to go far enough into a field to achieve some mastery of it; and to enable him or her to acquire knowledge, skills, and attitudes which may be helpful in a vocation.

Minor Program

If a student chooses, it is possible to include one or two minors in an undergraduate program. The minor shall consist of a minimum of 18 hours in a department other than his or her major. The minor may be taken in any program so designated in the catalogue. Minor programs must be approved by the faculty advisor and the department concerned.

Bachelor of Arts

A major for the Bachelor of Arts Degree shall consist of no fewer than 30 credit hours. No more than 40 hours in the major department shall be required for a major. A student may, however, at his own initiative take more than 40 hours in the major department. Specific requirements in area of the major are stated in each department heading in the course descriptions.

Distributed Requirements

The distributed requirements, totaling at least 36 hours, assist the student in developing a program of study which will be widely representative of liberal arts studies. With one exception (Area I) these courses may be taken at any time during the student's years of attendance. Courses in the student's major area may not be used to fulfill distributed requirements.

Area		*Number of Courses (3 credit hours or more)*
I.	Communication Skills I and II (*taken in freshman year*)	2
II.	French, Spanish, Mathematics	2
*III.	History, Philosophy or Religion	2
IV.	Biology, Chemistry, Physics, Interdisciplinary Science I and II	2
*V.	Economics, Political Science, Psychology, or Sociology	2
*VI.	Art, Literature, Music	2

*Courses to be chosen from two disciplines.

Elective Hours

Students must choose elective hours, in addition to distributed and major area requirements, to complete the hours required for graduation. Electives afford an opportunity to develop one or two minor programs, to study in fields which directly support the major program, and to gain knowledge in additional areas.

Academic Regulations

Registration

Students are expected to register at the time specified for each term. Registration after the scheduled time costs an additional $5. No registrations are permitted after the first full week of classes.

A student may change his or her registration (drop-add) during the first full week of classes only. There will be no charge for this procedure made at this time. After the first full week, any course dropped will be considered a withdrawal. No course may be added after the first full week of classes.

Term Load

The academic year for the New College consists of Term I from late August to December, January Term, Term II from late January to May, and the Summer Term from mid-May to August. A student may not take more than eleven academic credit hours per full semester.

Grades and Quality Points

Graduation requirements are based on both quantity and quality of the student's work. New College uses the following system of grades and quality-point value per credit hour:

Grade	*Interpretation*	*Quality-Point Value*
A	Superior	4.0
B+	Very Good	3.5
B	Good	3.0
C+	Very Satisfactory	2.5
C	Satisfactory	2.0
D	Poor	1.0
F	Failing	0
P	Pass	(0)
N/R	No Record	(0)
W	Withdrew	No effect on quality points
I	Incomplete	May become A to F upon completion

A grade of I automatically becomes F if the student fails to make up incomplete work satisfactorily. The grade of I must be removed by the end of the first two weeks of regular classes of the next term for Terms II and January-Term and summer session. A grade of I must be removed by the end of the second full week of regular classes of Term II.

Grade reports are sent at the end of each term. Mid-year reports may be issued in Terms I and II to indicate special difficulties in course

work. Only final term grades are permanently recorded.

A student who has received an F for a course may repeat that course; the F will remain on the student's record in that case, but only the second grade for the course will be figured into the student's cumulative quality point average. NOTE: This is the *only* case in which a dent may register to enroll in the same course twice unless the course is listed "May be repeated for credit."

Pass/No Record

P/NR is a grading philosophy designed to encourage students to explore new areas. Courses selected by the student to fulfill the Distributed Requirements may be taken P/NR. P equals a grade of C or above; NR equals a grade of D or less. Courses taken for P/NR are not counted in the calculation of the student's quality point average.

Students may take up to a maximum of two courses a year on a P/NR basis, but may take no more than one course on a P/NR basis in any one term. The student must indicate when registering for the course that grading basis will be P/NR. Up to one week after the mid-point of the semester, however, the student may change the P/NR basis to a graded basis. Some courses specifically designated (for example, art studio, applied music) may not be taken P/NR. Unless a student obtains permission from the Dean of New College a course in the major department may not be taken on a P/NR basis. Students planning advanced academic work should be informed that *Pass* grades may be interpreted as C by graduate institutions and an inordinate number of such grades may be looked upon with disfavor by graduate admissions committees.

Student Rank

Students following a degree program and carrying the required term load are granted class rank according to their credit hours earned.

Class Rank	Credit Hours
Freshman	0-30
Sophomore	30-60
Junior	60-90
Senior	90-120

A *regular student* is one who is admitted as a degree candidate.

A *special student* is one who is admitted with a non-degree status and may enroll for a cumulative total of 15 credit hours. After completing 15 credit hours, a special student must apply for regular admission or receive special permission to continue. A student already holding a bachelor's degree may take an unlimited number of hours as a special student.

A *contract student*, a degree candidate at another institution, is enrolled for credit at Queens through arrangements with the institution which will ultimately grant the degree.

Academic Standards

While New College makes every effort to encourage students and to assist those in difficulty, it is unfair to the student and to the college to retain anyone who fails to make reasonable progress.

Eligibility to Continue

The Student Qualifications Committee reviews each case of academic difficulty at the end of each term and determines the student's eligibility status.

Probation

A student who does not maintain satisfactory scholastic standing may be placed on academic probation. A student is automatically on academic probation if his or her cumulative quality point average is below the following values for class standing.

Credit Hours	QPA
0-30	1.800
30-60	1.900
60-90	2.000
90-120	2.000

A student on academic probation may petition The Dean of New College for exception from probation if the student has achieved a QPA of 2.500 or better for the previous Term I or II. The student who does not show improvement and fails to meet the scholastic standard may be asked to withdraw from the college.

Attendance Policies

The college expects students to attend all class sessions. Specific attendance policies for each course are set by the individual faculty member. The faculty member announces at the beginning of each term the policy he intends to apply in each particular course.

Examinations

The student's work is evaluated periodically. At the end of each term, evaluations — normally by written examinations — are made in all courses. Final written examinations are generally between two and three hours long. In 300 and 400 level courses the instructor may give the examination during the regularly scheduled time or ask for a take-out examination. The schedule for final examinations is established by the Registrar. Permission to change an examination schedule or to make up an examination must be granted by the Dean of New College.

Academic Ineligibility

The faculty determines the academic standards which the Student Qualifications Committee administers.

This committee reviews each case of academic difficulty. When students fail to make satisfactory progress according to guidelines stated in the catalogue, the Student Qualifications Committee places various stipulations to encourage the student to meet the minimum standards. If the student does not meet the stipulations set, he or she will be subject to dismissal from the college. All decisions regarding dismissal may be appealed to the President of the College. Following a full semester of absence from the college, a student may apply for readmission.

Withdrawal From a Course

A student must obtain permission from the Dean of New College to withdraw from a course. After the first full week of classes in any term, a student who drops a course receives a grade of W. The deadline for withdrawing from a course is one calendar week after the midpoint in any term.

Withdrawal from New College

A student wishing to withdraw from the college before end of the term must notify the Dean of New College in order to maintain a good standing. All grades are recorded as W. If a student simply stops

attending classes and does not notify the Dean of New College of intention to withdraw, the college does not consider that the student has withdrawn. If the student does not give written notification to the Dean of New College before the end of the term, all grades are recorded as F.

The college reserves the right to require at any time the withdrawal of a student whose conduct or academic work is not considered satisfactory.

Undergraduate Program Tests

The college arranges for and requires all students academically classified as seniors to take the Undergraduate Program Tests.

Records of Progress

Records of Progress are kept by this institution on veteran and non-veteran students alike. Progress records are furnished to the students, veterans, and non-veterans alike, at the end of each scheduled term.

COURSES OF INSTRUCTION

Course listings

Course listings give general information concerning the Distributed Requirements, and requirements of the major programs. These requirements should be carefully noted by students when deciding on a major. Descriptions for all elective courses not listed in this *Bulletin* will be published prior to each term and will be attached to the proposed course schedule.

Course Numbers

In general, courses numbered 100 - 299 are primarily for freshmen and sophomores; those numbered 300 - 499 are primarily for juniors and seniors. In specific cases, however, the individual student's ability and background rather than his or her class standing will determine the appropriate level of work.

Double numbers separated by a comma (e.g. 301, 302) indicate that the completion of both courses forms a desirable unit. Occasionally the first course is a prerequisite to the second.

Course Changes

New College at Queens reserves the right to change the course offerings and instructors indicated in this catalogue without prior notice to persons who may thereby be affected. Every effort is made to help a student affected by a course change.

English

Courses in the department include composition, literature, speech, film, dramatic arts, and journalism. Students are encouraged to take courses in all these areas, but courses in speech, film, dramatic arts (unless specified), and communications do not count towards a regular major in English. Initial courses train the student to perceive and evaluate the form, structure, and inner dynamics of any literary work. Advanced courses focus on specialized areas of relevance and are designed to give the student an awareness of ways in which other disciplines can contribute to a fuller understanding of literature.

Careers

Study of literature and composition affords preparation for professional schools in law and teaching. In addition students majoring in this department find their training applicable to editing, newspaper and television journalism, copywriting for publishers and advertising agencies. When combined with study in economics and business, careers may be planned for public relations and personnel work. Career opportunities also exist in films, theatre, and many phases of creative writing. Students interested in drama and theatre may want to consider the program outlined in the section on dramatic art.

Major

English 201, 301, 302, 460, and 18 additional hours are required. The following courses in Dramatic Art will be accepted: 303, 304, 327, 336. Major advisers will consult with students in career and graduate school preparation, and in planning tailored programs in communications, journalism, teaching, and drama. Advanced placement will allow exemption from 201.

Minor

English 201, 301, and 302, are required. English 460 is recommended as part of the remaining 12 hours, nine of which must be at the 300 level or above.

Distributed Requirements

The requirement, Area I, is met by English 101 and 102, to be taken in Terms I and II of the freshman year. The requirement, Area VI, in literature, may be met by English 201, or 217; or by taking three semesters of the sequence of Humanities 211, 212, 213, or 214; or by any literature course numbered 300 or above in the foreign language department. English majors may not use English courses to fulfill Area VI distributed requirements.
